

How Do I Support My Homeschooled Child?

Help your child excel in their studies with resources from EBSCO. These tools will help you support your homeschooled child with the information you need. Through EBSCO, you can:

-  Access lesson plans and support materials to help create a custom curriculum for your homeschooled child
-  Access tutorials that will help your child grasp critical concepts for their grade level and improve their overall understanding of a topic
-  Teach your child how to complete independent research through an easy-to-use interface designed specifically for the needs of students
-  Locate specific, age-appropriate content for primary-school-aged children
-  Give your child practice tests in subjects such as math, reading, writing, language and social studies
-  Discover in-depth e-books that will teach your child invaluable skills such as grammar, essay writing, vocabulary, math word problems and much more
-  Show your child the value of reputable research resources with peer-reviewed, full-text journals
-  Find book recommendations tailored to your child's interest, and access tools to engage your young reader

Learn More About Our EBSCO Resources

Explora™: Designed to meet the unique needs of its users, *Explora* supports student research with rich, reliable content and easy-to-use functionality. The *Explora* interface features a simple search that quickly delivers relevant results, high-quality articles from reputable publishers, easy-to-browse categories organized by popular topics, topic overviews to help students begin their research and a colorful, mobile-friendly design. The Educator's Edition offers lesson plans, support materials, and professional development resources ideal for homeschooling parents.

EBSCO LearningExpress® DoD Test Prep: Created specifically for current and retired service members and their families, this resource offers a wide variety of learning and test preparation materials. With *EBSCO LearningExpress DoD Test Prep*, your child can access tutorials, practice tests and e-books on all academic subjects.

NoveList® K8 Plus: This resource can help you pinpoint books that students will want to read at just the right reading level, helping students become lifelong readers. Our lists of recommended reads and articles on using books in the classroom give everyone involved in education — librarians, teachers and parents — the tools to engage young readers.

NoveList® Plus: Discover fiction and nonfiction books that meet a wide variety of interests. With trusted read-alike recommendations for titles, series and authors, as well as the ability to search by theme, appeal, and genre, it's easy to match readers to the right books.
